

I am writing in response to the proposed changes in FM broadcasting

in my community. Alaska has one of the highest rates of domestic violence, alcoholism, rape, and depression in the U.S. K-LOVE provides our community with uplifting music and a message of hope.

K-LOVE encourages our community in a way no other radio station does. I personally listen to K-LOVE everyday and because of its' positive message it has become the only radio station that I listen to. I would hope that a service like K-LOVE's would never be sacrificed for the changes that have been proposed.
